Quantities not stated in the report are excluded to avoid unverifiable estimates.

Community engagement to be strengthened

Initiatives, policies, education and research for SDG 1

16

student community support initiatives

carried out between October 2025 and May 2026

10

locations or communities reached

rural areas, schools, campus and children

Institutional framework

2 core policies • 3 forms of student support • 1 explicitly identified degree programme

Scholarships, accommodation and meals provided for; beneficiary numbers and amounts to be consolidated.

3 Scopus publications • 401-600 out of 931 institutions in THE Impact 2026

Research output on SDG 1 remains a priority for development.

The curriculum mapping uses strict text matching; institutions must confirm the content actually taught.

2026: The Euromed University of Fez consolidates its impact in support of the SDGs

Introduction

Eradicating poverty in all its forms remains one of the major challenges of sustainable development. Beyond the statistics, poverty limits access to education, health, employment, and human dignity.

Aware of its societal role, the Euromed University of Fez places social inclusion and equal opportunities at the heart of its mission. Through its policies promoting access to education, its student support programs, its community outreach initiatives, and its partnerships with local stakeholders, UEMF takes concrete action to reduce socio-economic inequalities and empower everyone to build their future.

As a space for training, research and civic engagement, the University considers education as an essential lever in the fight against poverty, thus contributing to building a fairer, more inclusive and sustainable society.

This report is structured to highlight the University's key contributions to this Sustainable Development Goal. It presents the institutional policies implemented, the educational offerings (E-SDG), and research and innovation activities. The report also highlights the conferences and events organized, club activities and student life, as well as the awards and distinctions that illustrate the University's commitment and influence in this area.

UEMF Policies

As part of its commitment to poverty reduction and the promotion of social inclusion, the Euromed University of Fez implements several key policies. Its social and societal responsibility policy affirms the University's commitment to integrating social impact and equal opportunities into its mission, particularly through mechanisms that guarantee equitable access to education, employment, and apprenticeships. Furthermore, the Corporate Social Responsibility (CSR) Charter reinforces this commitment by contributing to social and economic development and the improvement of living conditions, in line with the objectives of poverty reduction and social progress.

Politique de l'Université Euromed de Fès (UEMF) en matière de Responsabilité Sociale et Sociétale (version révisée 2025)

L'une des missions de l'UEMF est de former des citoyens conscients de leurs devoirs et droits, imprégnés de valeurs de vivre ensemble, d'altérité et d'esprit critique, tout en étant responsables en matière de protection de l'environnement et de respect d'autrui et de la nature. À cet effet, l'ensemble de la communauté universitaire est mobilisé pour atteindre les Objectifs de Développement Durable (ODD) autour des axes suivants :

I. Égalité de chances : parité, équité salariale et inclusion

L'UEMF promeut et met en œuvre une politique proactive d'égalité des chances et d'opportunités parmi son corps professoral, son personnel administratif et de soutien ainsi que parmi ses étudiants. Cette politique donne l'accès à tous à l'UEMF sans discrimination aucune que ce soit pour l'emploi, pour les études ou encore pour l'apprentissage tout au long de la vie. Cette politique s'articule autour des piliers suivants :

1. L'Université garantit l'égalité des chances et d'opportunités et quiconque constate ou subit un traitement inégal a le droit de déposer plainte au niveau du vice-Président en charge des Affaires Académiques pour les étudiants et au niveau du Secrétaire Général pour le corps professoral et le personnel administratif et de soutien (ODD 5, 10).
2. Les plaintes peuvent aussi être déposées auprès de l'ombudsman de l'Université.
3. Tout candidat pour un poste de travail à l'Université est traité par la Direction des Ressources Humaines en plus d'une commission de recrutement qui agit en toute transparence et rigueur et assure un traitement équitable pour tous.
4. L'Université s'est fixée comme objectif de :
 - a. Atteindre et maintenir la parité genre en nombre femme-homme, en utilisant la discrimination positive en cas d'égalité des profils et des compétences (ODD 5).
 - b. Assurer le même salaire pour les mêmes fonctions entre femmes et hommes.
 - c. Promouvoir la parité genre en matière d'accès aux hautes fonctions de l'Université.
 - d. Inclure un maximum de personnes aux capacités physiques réduites.
 - e. Inclure des personnes issues de l'immigration.

This policy embodies UEMF's commitment to integrating social responsibility into all of its missions. It highlights the importance of reconciling academic performance, respect for the environment, and a positive societal impact.

Corporate Social Responsibility (CSR) Charter (Revised version 2025)

3. Ancrage territorial et implication locale

Être un moteur de développement économique, social et culturel de la Région Fès-Meknès, et plus largement du Maroc, contribuant à l'objectif de réduction de la pauvreté et d'amélioration des infrastructures (ODD 1 et ODD 11).

4. Insertion professionnelle

Soutenir nos lauréats dans leur insertion professionnelle et la création d'entreprises innovantes, favorisant la croissance économique et l'emploi décent (ODD 8).

5. Egalité Femmes-Hommes

Garantir l'égalité entre les sexes en termes de recrutement, inclusion, formation, accès aux postes de responsabilité, et égalité salariale à compétences égales, en conformité avec l'ODD 5 (Egalité des sexes).

6. Protection des groupes vulnérables

Assurer une inclusion et une protection pour les personnes vulnérables (handicapés, femmes, émigrants, demandeurs d'asile), en accord avec les principes d'inclusion sociale et de justice pour tous (ODD 10).

7. Engagement envers la santé

Avec l'émergence du **pôle santé** et le projet de construction d'un CHU, l'UEMF s'engage à contribuer activement à l'amélioration de la santé et du bien-être (ODD 3) au niveau régional et national. Le campus intègre également un **complexe sportif aux normes internationales**, promouvant un mode de vie sain parmi les étudiants et la communauté.

This charter formalizes the integration of social responsibility at the heart of the UEMF's missions. It outlines concrete commitments in the areas of ethics, governance, respect for the environment and contribution to sustainable development.

Events

Student events

Health & Solidarity Caravan in Tigriga – October 2025 - Elite Club

The Elite club organized a multidisciplinary medical caravan in Tigriga, in the Ifrane-Azrou region, in order to bring healthcare closer to local populations and meet their medical needs.

This initiative mobilized 20 doctors from various specialties, including cardiology, gynecology, urology, ENT, ophthalmology, and dentistry. The beneficiaries were able to access:

- A variety of consultations tailored to each specialty.
- Comprehensive dental care, including extractions, restorative treatments, scaling and the fabrication of dentures,
- Free distribution of medication, for comprehensive and effective care.

This action embodied a true moment of solidarity and humanitarian commitment, strengthening the link between the Elite club and local communities while contributing to the well-being and health of the inhabitants of Tigriga.

School Health Caravan in Ain Chkef – November 2025 - Elite Club

A school health caravan was organized to improve access to healthcare and raise students' awareness of the importance of health. In the area of dental care, beneficiaries received consultations and treatments, including extractions and cleanings, as well as the distribution of oral hygiene kits containing toothpaste and toothbrushes, to encourage good habits from a young age. The medical component offered general consultations for basic screenings, as well as ophthalmological consultations to assess students' visual health. This caravan was a vital preventive and educational initiative, contributing to children's well-being and promoting a culture of health in schools.

Health & Solidarity Caravan – Initiative of the Elite Club in Sais

Club Elite organized a multidisciplinary medical caravan, bringing together several specialties to offer comprehensive and free care to local communities. This initiative took place on November 16th and mobilized 20 dedicated volunteers. Medical services offered: We set up several specialized booths including general medicine for basic consultations, pediatrics for children's checkups, gynecology for women's health, dermatology, ophthalmology, and dental care. Paramedical examinations (blood pressure, blood sugar, wound dressings) were also provided by our teams of medical and nursing students. Awareness and prevention: Beyond providing care, we conducted awareness workshops on hygiene, disease prevention, and good health practices, reaching the entire community. Impact: This caravan allowed us to treat several beneficiaries in a single day, identify several cases requiring medical follow-up, and, most importantly, establish a close connection with a population often far removed from healthcare facilities.

CaravanMedical and Dental Care in Tamedit: A Commitment to Solidarity in Service of Rural Communities

A multidisciplinary medical caravan was organized in Tamedit, in the Taounate region, to strengthen access to care for local populations and to meet the health needs of rural communities.

This initiative mobilized several medical specialties, allowing beneficiaries to access tailored consultations in various healthcare fields. Dental care played a central role, with consultations, extractions, restorative treatments, scaling, and the fitting of dental prostheses provided, ensuring comprehensive and high-quality treatment.

Furthermore, the pharmacy service provided free dispensing of prescribed medications, contributing to appropriate therapeutic monitoring and the improvement of patients' health.

Through this high-impact social action, the club reaffirms its commitment to health equity, the well-being of rural populations and the promotion of sustainable solidarity.

School Health Caravan in Aïn Chkef: Prevention and Well-being of Students by the Elite Club

On December 20, 2025, the Elite Club organized a school health caravan in Aïn Chkef, in the Moulay Yaacoub region, aimed at promoting prevention and the well-being of students.

The dental component offered consultations, preventive care and awareness campaigns, in order to instill good oral hygiene habits and prevent dental diseases from a young age.

In parallel, general medical consultations were conducted to assess the overall health of the students, while the ophthalmology department ensured the screening of visual disorders, guaranteeing comprehensive and preventive care.

This initiative by the Elite Club constitutes an essential educational and preventive action, strengthening the culture of health in schools and contributing significantly to the well-being and protection of students.

Solidarity Iftar: Student solidarity and engagement during Ramadan - Rotaract Club

As part of their social and community service activities, the Rotaract Club UEMF organized a humanitarian effort to distribute Ramadan iftar meals to the most vulnerable members of the community. Driven by the students' commitment and spirit of solidarity, this initiative resulted in the distribution of over 250 meals, providing moments of sharing, generosity, and fellowship during the holy month. Beyond simply distributing food, the action exemplifies the values of social responsibility, mutual support, and cohesion that motivate the student community, while also raising awareness among young people about social issues and the importance of taking action for the well-being of those living in precarious situations.

Solidarity Iftar – Ramadan 2026

As part of its Ramadan activities, Club Élite organized the "Solidarity Iftar – Ramadan 2026" initiative, aimed at promoting the values of solidarity, sharing, and civic engagement. This initiative involved preparing and distributing 150 iftar meals to people in need.

Made possible through the active mobilization of club members and the involvement of its partners, this initiative provided concrete support to beneficiaries, while strengthening the spirit of mutual aid and social cohesion, particularly significant during the holy month of Ramadan.

Beyond its humanitarian aspect, this action fully illustrates the Elite Club's identity as a committed actor, working towards a positive and lasting social impact. It also demonstrates the club's ability to initiate and lead solidarity projects with strong human value, responding to the needs of communities.

Tazouta Medical-Humanitarian Caravan – Sefrou Province

On March 8, 2026, the Elite Club of the Euromed University of Fez organized a mobile medical and dental outreach program in Tazouta, in the province of Sefrou, to benefit the local population. This humanitarian and healthcare initiative involved 15 doctors and 5 dentists, all working together towards a common goal: bringing healthcare closer to the inhabitants of rural areas and improving access to specialist consultations.

The mobile clinic provided medical consultations in several specialties, including gynecology (with ultrasound examinations), cardiology, gastroenterology, rheumatology, and dental care and consultations. Thanks to the commitment of healthcare professionals, student volunteers, and mobilized partners, this initiative helped meet the medical needs of many beneficiaries in a spirit of solidarity, prevention, and social support.

School Health Caravan – Ben Khelif School Group, Ouled Mimoun 11/04

On April 11, 2026, Club Élite organized the "School Health Caravan – Ben Khelif School Group, Ouled Mimoun," as part of its community health and school-based prevention initiatives. This initiative aimed to promote the health and well-being of students while reinforcing preventative practices from a young age.

During the day, students received general medical consultations, dental care and procedures, as well as visual acuity tests. Oral health prevention workshops were also held, along with the distribution of toothbrushes and toothpaste, to raise children's awareness of good dental hygiene practices.

This initiative fully illustrates the Elite Club's commitment to youth health and prevention, while demonstrating its ability to organize comprehensive and structured interventions to serve school communities. It also reflects the club's spirit of solidarity and social responsibility towards children and their educational environment.

[Source: Elite UEMF club report 25-26](#)

Blood Donation Campaign – April 2 & 3, 2026

As part of its civic and solidarity actions, the Elite Club organized the "Blood Donation Campaign - April 2 & 3, 2026", an initiative aimed at raising awareness of the importance of blood donation and actively contributing to strengthening national reserves.

Over these two days, club members mobilized to encourage student and staff participation, while also ensuring logistical organization and providing optimal support to donors. This campaign resulted in a significant number of donations, contributing to saving lives and meeting the urgent needs of healthcare facilities.

Beyond its health impact, this initiative also provided a powerful moment for raising awareness and fostering solidarity, strengthening the spirit of commitment and social responsibility within the university community. It fully reflects the values of the Elite Club, founded on mutual support, volunteerism, and positive impact in service to society.

School Health Caravan – Abbas El Amrani High School, Sbaa Rouadi 18/04

On April 18, 2026, the Elite Club organized the "School Health Caravan – Abbas El Amrani High School, Sbaa Rouadi," as part of its health and prevention initiatives for students. This action aimed to promote well-being and health prevention within the school environment.

During the day, students were able to receive general medical consultations, dental care and procedures, as well as visual acuity tests. In addition, oral hygiene workshops were held, along with the distribution of toothbrushes and toothpaste, to raise awareness among young people about the importance of hygiene and preventative care.

This intervention illustrates the Elite Club's commitment to improving student health and strengthening prevention from a young age, while demonstrating its ability to deploy comprehensive and structured health caravans, meeting the needs of local school communities.

Mobile Medical and Dental Clinic in Ksar Jdid 26/04

On April 26, 2026, the Elite Club of the Euromed University of Fez organized a medical-dental caravan in Ksar Jdid, in the province of Rissani, as part of its humanitarian and social actions aimed at strengthening access to care in rural and remote areas.

This initiative mobilized a team of healthcare professionals and volunteers to provide multidisciplinary medical consultations to local residents. The services offered covered several specialties, including cardiology, gastroenterology, gynecology, dermatology, and ophthalmology, in addition to dental consultations and care, as well as general medicine.

The caravan aimed to bring health services closer to local populations, promote early detection, and raise awareness of the importance of prevention and medical follow-up. It thus enabled comprehensive and accessible healthcare for beneficiaries.

Through this action, the Elite Club reaffirms its commitment to solidarity, health promotion and social development in service of vulnerable communities.

Humanitarian caravan in Ksar Jdid: 150 blankets to support rural families

On May 3, 2026, the Elite Club of the Euromed University of Fez organized a humanitarian caravan to Ksar Jdid, in the province of Rissani, as part of its solidarity actions aimed at supporting rural populations and improving their living conditions.

This initiative is part of a local humanitarian approach, driven by values of mutual aid, solidarity, and social commitment. It enabled the distribution of 150 blankets to beneficiary families, helping them cope with the weather and meet their basic daily needs, particularly during cold periods.

Beyond the material aid, this caravan provided a powerful moment of sharing and connection with the residents, strengthening the bonds between the volunteers and the local population. This initiative reflects the Elite Club's commitment to providing concrete solutions to the needs of vulnerable communities and contributing to the improvement of their living conditions.

Through this type of initiative, the Elite Club confirms its long-term commitment to humanitarian action, social development and territorial solidarity.

A social and educational day for the benefit of the children of the Lalla Amina Center

On Thursday, May 7, 2026, the Elite Club of the Euromed University of Fez, in collaboration with the Directorate of Student Affairs, participated in the organization of a cultural and sporting day for the benefit of the children of the Lalla Amina Center for the Protection of Children.

This solidarity initiative was marked by the distribution of Elite bags containing school supplies, including pencil cases, pens, notebooks and coloring books, in order to support and encourage children in their educational journey.

During the day, the Elite Club also ran an oral hygiene awareness workshop, along with the distribution of toothbrushes and toothpaste. The workshop aimed to educate children about the importance of brushing their teeth and good hygiene practices to maintain their oral health.

Through this social and educational action, the Elite Club reaffirms its commitment to children, education and the promotion of health.

Mobile dental clinic in Izlafene: strengthening access to care and prevention

On May 9, 2026, the Elite Club of the Euromed University of Fez, in partnership with the IAA Club of the Faculty of Sciences and Techniques of Fez, organized a medical and dental caravan in Izlafene, in the province of Taza, as part of its community health and prevention initiatives. This initiative provided medical consultations in general medicine, cardiology, and gynecology, along with the dispensing of medication to diagnosed patients. A significant oral health prevention component was also implemented through awareness campaigns and the distribution of 400 toothbrushes and toothpaste to beneficiaries. Through this initiative, the two clubs helped bring healthcare services closer to rural populations while reinforcing awareness of the importance of prevention and medical follow-up.

[Source: Elite UEMF club report 25-26](#)

Humanitarian action in Izlafene: solidarity and support for rural families

As part of the medical and humanitarian caravan organized on May 9, 2026, in Izlafene, the Elite Club of the Euromed University of Fes and the IAA Club of the Faculty of Sciences and Techniques of Fes also carried out a significant humanitarian effort to benefit families in the region. This act of solidarity enabled the distribution of 150 food baskets to beneficiary families, supporting vulnerable populations and contributing to the improvement of their living conditions. In addition, recreational and entertainment activities were organized for children, creating a moment of sharing, joy, and connection with the local community. This initiative reflects the values of mutual aid, solidarity, and civic engagement upheld by both clubs in support of social and human development.
